Hon. Daniel M. Fox,  
Superintendent of the Mint,

Dear Sir;

Miss Susan Dallas has been suffering for some time past with certain heinous symptoms, which are apparently much aggravated by going to the Mint, and which, I think, would be entirely relieved by rest and change of scene. I have, therefore, advised her to apply for leave of absence for two months. I think if this is granted to her and you will kindly allow it to begin at once. She will be able to return to her duties towards the close of the summer entirely reestablished in health.

With great respect, I am  
Very truly yours,  
James H. Hutchinson  
M.D.
